

## **Marty Kelly**

Thirteen years ago my wife Megan and I chose to buy a home and raise our family in the Oneida City School District. I am the proud father of a Seneca Street Eagle, William, and an Otto Shortell Knight, Kennedy. I work as an educator in a local high school. I earned both my B.A. and M.S. Ed at Le Moyne College. I value the educational opportunities here in Oneida that are currently available to my children and the children of my friends and neighbors. Our children have been challenged, inspired and cared for and I am grateful to our district. This has encouraged me to want to give back.

I am asking for your vote because I am asking to be part of the discussion. Help add the voice of a current educator to the many qualified community leaders and business professionals that already serve our district.
